Specially designed for
non-European markets

Single or twin design

Robust platform design

Comprehensive safety features

81933, Sharjah - U.A.E. | (+971 6) 539 03 83 | (+971 6) 539 03 84 | awtc@alwisamllc.com | www.alwisamllc.com

GEDA SBL 2000

Special solutions tailored exactly to individual building conditions are usually not required in markets outside Europe. In contrast to other, variably adjustable hoist solutions from GEDA, the new GEDA SBL 2000 is therefore only available with a fixed platform size of 3.20 x 1.45 x 2.10 m, a standard load capacity of 2000 kg and 23 passengers, a lifting speed of 55 m/min and a lifting height of 250 m. And of course the GEDA SBL 2000 in no way lags behind other hoist solutions from the extensive GEDA range in terms of quality and safety. The GEDA SBL 2000 is a product ideally tailored to meet the requirements of target markets outside Europe, developed and manufactured entirely in Germany.

The GEDA SBL 2000 is available both as a single and as a twin cabin.

GEDA® SBL 2000 Single

1 loading sliding door / 1 unloading ramp

Recommended landing level safety gates:

Comfort
